

The New Taigun

Welcome to driving

Something's missing on the road.

The drive's no longer fun.

It's lost its charm. Its play. Its thrill.

It's just point A to B. Back and forth. To and fro. Again.

And again. And again.

But get behind the wheel of a Volkswagen and something changes. Everything changes.

The just-down-the-road trips become road trips.

The 'are we there yet's are no longer there.

And the only acceptable shortcut is a longcut.

You start to smile. Hum. Live. Again.

We call it driving.

The new Volkswagen Taigun.

Welcome to driving.
