PRESENTING THE NEW ELEGANT CAMRY HYBRID

Experience a new age of fun, dynamic driving with the elegant Camry.

Founded on a legacy of power and luxury over two decades ago, the new Camry now feels personal, emotional, and sporty. The new Camry's refined performance and design let you chase your daily thrills in style. A sedan to the core, it comes with hybrid efficiency and various drive modes that fit your lifestyle perfectly.

Experience silent drives with a quiet and peaceful cabin.

Discover the all-new 5th generation Hybrid system

Sporting the latest hybrid system, the new Camry boasts a powerful 2.5L Hybrid Electric Vehicle (HEV) engine, which is capable of producing combined power of 169 kW, offering dynamic performance for an exhilarating driving experience. Make every drive not just smoother, but more eco-friendly too.

Powered by Toyota's 5th Generation Hybrid Technology with a high-capacity lithium-ion battery, which provides best-in-class fuel efficiency of 25.49 km/l*, delivering both robust performance and sustainable mobility.

* Fuel efficiency as certified by test agency under rule 115 of CMVR, 1989 under standard test conditions. T&C apply. Actual mileage on road may vary.

EXPERIENCE ELEGANCE
THAT'S ENERGETIC

The new Camry is both at once, inspired by technology and a sense of simple sophistication that's mindful. Create memorable first impressions with its bold exterior, its sleek roofline, low stance with a hammer-head design. The signature DRL, clearance lamp and front-turn signal lamp together give a feeling of innovation and luxury.

Alloy Wheels

Tight characteristic spokes of the 45.72 cm Alloy Wheels create a sporty look.

Rear Lamp

The bold rear combination lamp, featuring LED brake lights, enhances the vehicle's sporty look.

Body Coating

The Premium Body Coating provides a rich glossy finish.

A VISUAL SYMPHONY THAT GOES BEYOND THE SURFACE

Take control at the tap of a finger

Experience a driving revolution with our innovative 31.24 cm Multi-Information Display, delivering high-quality graphics that ensure personalized comfort and control. Seamlessly switch between three dynamic drive modes, Eco, Sport and Normal, tailored to offer you a truly customized journey. Enjoy fast, intuitive entertainment on the 31.24 cm Multimedia Display, elegantly integrated into a guitar-shaped sculpture, where the strings flow gracefully toward the passenger vent. With wireless Apple CarPlay® and Android Auto™ there's no better way to drive.

Sit back in elegant comfort

The new Camry offers enhanced comfort for daily drives with its elegantly designed interiors. Enjoy refined, stylish leather-trimmed seats with a modern high-intensity finish. Elevate elegance with luxurious, plush interiors. The rear passengers also have control over their journey with the ability to adjust their environment at the touch of a button, reclining seats, regulating the temperature of the air-conditioning, changing audio channels, and volume or even raising or lowering the rear sunshade. Put your lifestyle at the forefront with a dynamic and encompassing feeling.

Moon Roof

The sporty look is enhanced further with a Moon Roof with Tilt and Slide function.

Head-up Display

The new Camry's Head-Up Display gives you access to time-sensitive information.

Electronic Drive Seat Adjustment

With 10N-way power adjustability for both driver and front passenger, every individual can find their ideal seating position. Effortlessly adjust forward and backward, raise or lower the height, fine-tune thigh support, recline for optimal comfort, and customize lumbar support for the perfect fit.

Wireless Charger

Staying ready for whatever your digital day has in store couldn't be easier. Simply place your Qi-compatible smartphone on the wider wireless charging pad and let the Camry handle the charging while you enjoy the drive.

3N-Zone Air-conditioning

Enjoy every journey in perfect comfort where passengers on front seats and rear seats can tailor the temperature to suit their individual preferences.

Premium 9 N-speaker JBL™ Audio System

Ensure your drives always have a soundtrack that's a delight to listen to, with the perfect balance of bass and treble provided by the 9 N-speaker JBL system.

nanoe™ X Technology[#]

Enjoy enhanced air quality with a technology that neutralizes odours and eliminates bacteria and allergens, creating a fresher and healthier cabin environment.

Toyota Safety Sense™ (TSS 3.0)

Toyota Safety Sense™ 3.0 is a suite of advanced safety features designed to enhance your driving experience and provide added peace of mind on the road. With cutting-edge technology and intelligent systems, TSS works tirelessly to protect the passengers while ensuring a smoother, more confident drive.

- Lane Trace Assist
- Lane Departure Alert
- Pre-Collision Alert
- Dynamic Radar Cruise Control
- Automatic High Beam

Toyota Safety Sense™ (TSS) is registered trademark of Toyota Motor Corporation.

The driver is always responsible for paying attention to the vehicle surroundings & driving safely as there are limitations to a degree of recognition & controlling performance that the Toyota Safety Sense™ system can provide.

Lane Trace Assist

Keeps your vehicle centered in its lane for a safer and more relaxed driving experience.

Lane Departure Alert

Get alerts if the vehicle unintentionally drifts out of its lane, enhancing safety on the road.

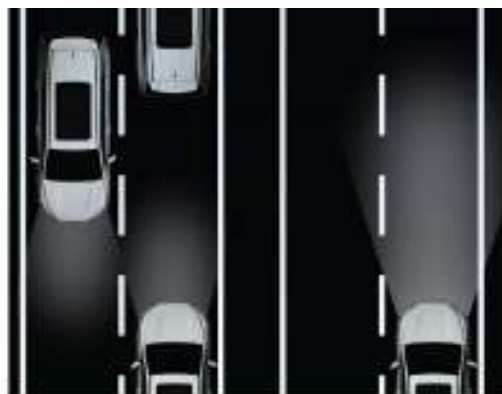

Pre-Collision System

Equipped with a Pre-Collision System for proactive hazard detection and accident prevention.

Dynamic Radar Cruise Control

Go on cruise mode with full speed range capability.

Automatic High Beam

Automatically adjusts the headlights for optimal visibility depending on road conditions.

360-degree Panoramic View Monitoring

Improve parking and manoeuvring in narrow spaces for smoother navigation, with greater visibility and control.

FEATURES

Performance Features

- New 2.5L dynamic force engine for ultimate performance and joy of driving
- Transmission – e-CVT (electronic – continuously variable transmission) available across sport, eco, normal driving modes
- Sequential Shift mode for manual like drive feeling
- 5th generation Toyota hybrid system comes with advanced and lighter lithium-ion battery
- An optimally tuned MacPherson strut suspension (front) and double wishbone (rear) has been adopted in pursuit of ride comfort and enhancing the handling performance.

Exterior Features – Dynamic Design & Style

- Low nose along with the body side and rear design gives an aggressive sporty look
- Signature Daytime Running Light (DRL) system equipped with LED
- Stylish hood and fender with sophisticated bumper and grille
- Outside Rear-View Mirror (ORVM) with automatic retractable, turn signal, auto-reverse tilt for a seamless driving experience
- Newly designed alloy wheels enhance sportiness
- High Solar Energy Absorbing (HSEA) UV-cut glass

Interior Features

- Spacious cabin adorned with soft upholstery, consistency of materials across seat, instrument panel and door. Metal finishes are unified in a modern sophisticated high-intensity silver finish
- All new yellow brown soft leather upholstery
- Ornament instrument panel
- Piano black front console box
- Power windows with auto up/down and jam protection (all windows)
- Guitar-shaped audio garnish
- 3N-zone climate control system
- A nanoe™ X Ion generator for enhanced comfort and freshness
- Interior illumination package/entry system (fade-out smart room lamp + door inside handles + 4N footwell lamps)

Comfort & Convenience

- Toyota's i-connect telematic connected car features with Data Communication Module (DCM) for enhanced convenience and connectivity
- 10N-way power adjust for driver & passenger seat with lumbar support (driver seat with memory)
- Rear armrest with touch-control switches for audio, rear seat recline, rear sunshade and climate control
- Rear power sunshade, rear door manual sunshades
- New 31.24 cm Multi-Information Display (MID), a full graphic meter providing vivid graphics and excellent display quality
- Moon Roof with tilt and slide function
- 25.65 cm rotatable high resolution rear seat entertainment[#]
- Ventilated front seats
- Two-way front headrest for utmost comfort
- Easy access function on passenger seat
- Smart entry system with start/stop button
- Memory settings for outer rear-view mirror (ORVM), driver seat and steering position
- Power-assisted tilt/telescopic steering column with memory
- Wireless smartphone charger [Qi-compatible phones]
- Automatic rain-sensing wipers
- Rear seats with power recline and trunk access
- Electrochromic inside rear-view mirror,
- Front & rear door courtesy lamps
- Genuine leather steering wheel with audio, infotainment, telephone control and driving assist (TSS, DRCC, LTA)
- Head-up display (HUD) with essential operation information
- Smart & electric back door release
- Rear USB charging ports – 12 V x 2 N (type-C)
- Rear window defogger with timer

[#]Rear Seat Entertainment is not part of standard fitment from TKM. These accessories are developed by third party supplier and fitted after sales of product at dealership at the option of customers.
